

### artist statement | introduction

Ant Pearce's practice focuses on the concept that **man is condemned to exist imprisoned**. He explores the **fragility of life**, drawing on **human psychology**. Influenced by **Freud** and the writings and philosophies of **Dostoyevsky, Kafka** and **Camus**, his work alludes to the idea that the omnipresent **external authority** is what brings about man's aberrant destructive behaviours.

Select works created between January—June 2015 are presented within. Each piece embraces the idea of **deconstruction** and the **spiritual importance of the line** as explored by Dutch avant-garde, constructivist Theo van Doesburg while the style of abstraction termed 'painterly architectonics' developed by Russian Cubo-Futurist Lyubov Popova is clearly visible.

Ant is an emerging British artist, based in London. He attended **Central Saint Martins School of Art and Design**, after which he studied the **MA Visual Arts** course at **Camberwell College of Arts**, graduating with Merit in late 2012. His work continues to be collected and exhibited in **London**, the **UK**, **Europe** and the **US**. He is currently represented by **Artvera's Gallery**, Geneva, Switzerland and internationally via **Artsy** and **White Court Art**.
